

Edition 4

Welcome to the Summer edition of the EYFS newsletter. You will receive a EYFS newsletter at the start of every half term. This half term our topic is called 'Ready, Steady, Grow!' and has a big focus on plants, farming and animals.

This Half Term's Topic is 'Ready, Steady, Grow!'

During this topic we will be learning all about farming including growing our own plants and learning where our food comes from. The children will be planting seeds, tasting fruit and learning all about animals that live on a farm.

We will also be getting creative in Nursery with chances to make our own music by making seed shakers and becoming artists by doing some fruit printing.

Watch out for our beanstalk and sunflowers growing in the window over the next few weeks.

A brilliant first 2 weeks!

We would like to congratulate all of our fantastic Nursery children on their first 2 weeks here at Moorgate Primary Academy.

They have all settled into Nursery life really well and are working hard to complete their challenges with the help of Mrs Wright and Miss McGreene.

It has been lovely to see all of the brilliant activities that the children have been completing including, making their own robin pictures, drawing self portraits, reading the story of the Three Little Pigs and much, much more!

Developing independence.

Here in Nursery we are always encouraging children to be as independent as possible. This includes putting their own coats, water bottles and book bags away each morning as well as getting themselves ready to go out to play by putting their own coats on.

To support us with this, we ask that you also encourage independence as much as possible at home.

We have been practicing to use our manners during snack time and have been working hard to develop our sharing skills by playing lots of group games.

Labelling

Just a polite reminder to ensure that all of your child's items are labelled with their full names before they bring them into Nursery.

This includes their water bottles, lunch boxes and book bags.

This will help us to keep everyone's belongings nice and safe.

Now that the weather is starting to warm up and summer is in sight, we ask that you ensure your child has a labelled sun hat in school with them every day and wears sun cream on days when it is forecast to be particularly warm.

As in winter, our outside learning environment is open in all weather conditions so this will help children to stay nice and safe in the sun.

Please ensure that all of your child's belongings are labelled with their name to avoid anything being lost.

Proud Clouds

Here in Nursery, we are introducing children to our 'Proud Clouds'. These will be completed in school for lots of reasons including when children have blown us away with their efforts in learning or being helpful or kind to their friends.

We are also asking parents to complete proud clouds at home to celebrate amazing achievements. This could be anything from helping to tidy up to gaining a swimming award. We will send a proud cloud home every Friday for you to complete over the weekend. We will then add these fantastic achievements to our display in Nursery.

Homework Project

Each half term we will set
Nursery children a

homework project for them to complete with their grown-up's at home. This half term we are asking children to create their own Spring collage. Go for a nice Spring walk to collect materials before using them to create a lovely Spring picture.

Ideas to ask your child:

Can you see any animals?

Can you feel any different textures on the materials you collect?

Can you hear any sounds?

Don't forget to take photos and videos to share with us on Tapestry!
