**ACHIEVE, CHALLENGE, ENJOY!**

## Enrichment 2024 – 2025

### Dear Mums, Dads & Carers,

As you may remember, I wrote to you at the start of the academic year to let you know our exciting plans to offer wider cultural capital this year in the form of a school trip. I would like to now give you more information about wider enrichment that is taking place in school too.

To offer the trips and enrichment below we have carefully considered the cost. To support families, the trips are live on Parent Pay to allow families to pay off the contribution over a period of time. To ensure that this is cost effective for families, we will offer the larger trips below in a two-year cycle meaning you will only be asked to contribute to a trip once every two years. However, should we receive a low level of voluntary contributions, as a school, we may have to make the hard decision not to go ahead with the trip. We appreciate how disappointing this could be and are hopeful, as families, you will support school in putting on school trips. If you have difficulties committing to the cost of the trips, please see either Mrs. Eaglefield or a member of the office team.

Please see below our Enrichment offering in school for this academic year.

Kind regards,

Mrs. Eaglefield  
Head of School
