

FRESH FOOD DIRECT FROM FARMERS TO FAMILIES.

Why?

The scheme is for parents who would like to feed their children more quality fresh food. As farmers we love to see families enjoying the food we produce, and think it is important to encourage children to eat fresh food to keep their bodies and minds healthy. We would like to influence children to make healthy choices for the rest of their lives! And cooking food from fresh is often cheaper than pre-packed processed food, because you can make several meals out of your ingredients.

What Food Can I Have?

We bring fresh meat and eggs including some Packington Free Range chicken drumsticks, Packington pork sausages and we also bring a selection of fresh vegetables and fruit depending on what's available.

When & Where?

Every other Friday at your school. Your school will tell you what time and where to collect the food from and you will need to bring your own bags to use.

What Does It Cost?

There is no set charge for the bags, but we do ask for a minimum donation of £3, if available, to put towards buying the following week's food. Each bag of groceries is worth around £13 if you bought it in the shops, so come and save yourself some money and pick up some new recipe ideas!

Where does all the food come from?

Local farmers and wholesalers in Staffordshire who are keen to encourage people to eat more fresh food and are selling their food to us at an excellent price.

Linking farming to the community: your school will be linked with a local farmer; your children can learn more about where their food comes from and how it is grown.
