ACHIEVE, CHALLENGE, ENJOY!

UNIVERSITY OF
BIRMINGHAM

14th February 2025

Dear Mums, Dads & Carers,

Years 4 & 5 Science Presentation Invitation

Over the past year your child has been taking part in a science experiment to see how plastic bags break down in the environment. This project has been run with scientists at the University of Birmingham and is funded by the Royal Society, all supported by our very own Local Academy Council (LAC) members.

On Thursday 27th February the children will be doing their final experiments and thinking about their conclusions. In recognition of their hard work, we'd like to invite families to see their results and learn more about the project.

We will have an open presentation session straight after school on **27th February at 3:30pm**. Please come around to the hall entrance at 3:30pm with your child (siblings welcome). As part of the presentation session, we will have take away pizza & drinks available.

Kind regards,

Mrs. Eaglefield
Head of School
