

Year 1 / 2 Newsletter

Dear Mum, Dad or carers,

So far this term, we have had lots of fun learning our new topics. Here are some additional ideas for extra learning at home!

	Topic	Extra Home Learning Ideas
Science	Brilliant Builders	Can you combine your two areas of learning and design and create your own 'dream' house for your favourite toy?
D&T	Stable Structures	
Geography	Our Wonderful World	Create a fact file of a country of your choice.
P.E	Yoga Tennis	How long can you hold the different yoga poses we learn in class?

READING

Please ensure you are reading with your child over the weekend as they have worked hard all week to show it off to you at home.

Please bring them back on a Monday ready for the next group to have.

HOMEWORK

Every Monday, we will send your child home with Phonics/Spelling and Maths homework within their homework files. This homework will be based on learning that your child has completed in the previous week. It will need to be returned the following Monday.

Above shows additional ideas for extra home learning. This will not be marked but will be acknowledged and rewarded by your child's class teacher.

Year 1: This term your child will be able to read the following digraphs. Digraphs are letters that are used to represent a sound. Please continue to help us in supporting your child with decoding the sounds in new words.

A reminder: All year 1 children, and any year 2 children who did not pass their phonics last year, will sit their phonics screening the week commencing Monday 9th June.

PE

We ask that children are sent with the appropriate kit to wear, including trainers and appropriate clothing for outdoor P.E with it now being cold. In addition, children with long hair need to bring a bobble to have this tied up and any ear rings must be taken out. If they can not, plasters will need to be worn.

Enrichment!

MOORGATE 50

This half term as part of our Enrichment we will be using our knowledge of D&T and stable structures by having a forest school afternoon to build our own den.

Plant a tree!

Last Friday, we worked helped plant trees and flowers to develop our school environment with scientists who visited our school!

Next term, in science, we will observe how they grow!

Weston-Super-Mare

On Wednesday 25th June we will be taking the children to Weston-Super-Mare for a day to the beach. Details regarding this trip will come nearer the time however we would like to begin preparing!

- ⇒ If there are any parents/grandparents/carers that would like to join us and volunteer helping to take the children to the beach please let your child's class teacher know.
- ⇒ We would like to take the children to the arcade as part of our trip. To do that we require lots of 2ps/10ps! We know many people do not have 'cash' anymore but if you do keep any change we would really appreciate some 2p donations to make sure every child gets the same experience.

In order to fund our trip there is a price of £20.50 that you can begin paying for now

If you would like to contact or email any home learning to your child's class teacher their emails are as follows:

Miss Walker—classc@moorgateacademy.co.uk

Mrs James/Mrs Baughan—classd@moorgateacademy.co.uk

Miss Larmour—classe@moorgateacademy.co.uk
